## Nomination of members of the Board of Trustees of the United Nations Interregional Crime and Justice Research Institutes

1. The attention of the Commission on Crime Prevention and Criminal Justice is drawn to a matter concerning the composition of the Board of Trustees of the United Nations Interregional Crime and Justice Research Institute, requiring action on the part of the Commission and the Economic and Social Council. Two Board members, Régis de Gouttes (France) and Sushil Swarup Varma (India), were appointed on 27 November 1990 for a four-year term expiring on 26 November 1994.

2. According to article IV, paragraph 2 (a), of the statute of the United Nations Interregional Crime and Justice Research Institute, annexed to Economic and Social Council resolution 1989/56:

> "2. The Board shall be composed of the following:
>
> "(a) Seven members selected by the Committee on Crime Prevention and Control upon nomination by the Secretary-General and endorsed by the Economic and Social Council, with due regard to the fact that the Institute and its work are funded from voluntary contributions and to the principle of equitable geographical distribution. The members shall be chosen from among eminent persons who possess the necessary qualifications and expertise. They shall

serve in their individual capacity for a term of five years from the date of the first Board meeting in which they are invited to participate. They shall be eligible for reappointment by the Committee on Crime Prevention and Control with the endorsement of the Economic and Social Council for not more than one additional term."

3. According to the Office of Legal Affairs, the Commission has succeeded to the functions and powers of the former Committee on Crime Prevention and Control in this and in other matters.

4. The Economic and Social Council, in its decision 1993/241, adopted on the recommendation of the Commission, recommended that the number of persons nominated by the Secretary-General to fill positions on the Board should exceed the number of positions to be filled. The Commission is requested to select two candidates for a five-year term. As the principle of equitable geographical distribution must be taken into account, one of the candidates selected should be from Asia and the other should be from Europe. The candidates from Asia are Minoru Shikita (Japan) and Sushil Swarup Varma (India). The candidates from Europe are Simone Rozes (France) and Jan J. M. van Dijk (Netherlands). Background information on all four candidates is provided in the annex to the present document.
